- Both sides play offense and defense
- Gretzky is a steady offensive player
- Every time there is a goal, a change of possession or a groundball:

Players must move their feet and clear their stick to get the ball to Gretzky
- Once you have passed to Gretzky your team is on Offense

- When you are on **Offense**
- When someone on your team has passed to **Gretzky** your team is on offense
- Off-ball players must either **Pop** or **Cut** to get the ball
- Off ball players must call for the ball with a loud "**One More**" call

- When you are on **Defense**
- The defense can't shut off or cover Gretzky
- Defensive players must play the ball hard (ball pressure) to stop the offense from getting the ball to Gretzky
